

ΣΗΜΑΝΤΡΟΝ®

“Semantron” traditional village
Aegis Hotels & Resorts

Description 2010

Managed by

The traditional estate “Semantron” is an oasis of tranquility and elation, which brings to mind images of past times.

The name “Semantron” came from the acoustic object used instead of a bell in monasteries. The monk sounds the semantron in a rhythmic way and its tone fills the holy place, summoning the monks for prayer.

“Semantron” is located in the village of Eleonas in the Peloponnese, 11 Km from Aigion and 167 Km from Athens, 40 km from Kalavrita and 53 km from Patras. Just 350m from the breathtaking beach of the village, overlooking the towering mountain of Helmos, and amidst a lush estate of 50.000 m² with olive and orange groves, cypresses and planes, “Semantron” is the place of genuine hospitality and incomparable aesthetics. The natural beauty of the landscape is unique, as it combines the peace of the sea with the wild charm of the mountain.

The dwellings that the monks of Mega Spilaion once used during their agricultural activities, built in the 1840s, were recently restored and renovated, so as to create 42 deluxe rooms and suites, which provide modern living amenities to guests maintaining the character of the original architecture. Natural materials are dominant, like wood and stone, creating an amazing setting for visitors. The old olive oil press factory has inspired the creation of a restaurant of exquisite standards.

«Trapeza» and «Liotrivi» are two restaurants where our guests and visitors may depart on a journey of culinary delights. The traditional olive oil press of the monastery, keeping in place all the old machinery, transformed into a gourmet restaurant for refined taste experiences. Many of the dishes will be prepared with products from our own farm and biological garden. The bar «Semantron» is at your disposal to enjoy varieties of fine wines, cocktails and inspired cocktail creations, as well as known types of aromatic coffee.

For all of you who want to experience the ultimate luxury, our Privé section at “Liotrivi” restaurant challenges you to live a unique taste experience, in an area very carefully and specially designed for romantic dinners and gatherings of up to 12 people. Visitors can enjoy the culinary creations of our Chef and our personal care services.

Our specialized -in organising private events- team can design for you unique, memorable evenings, tailored to your dreams and desires, taking care of the last detail.

In a specially designed area of the hotel, all our friends -young or old- will have the opportunity to live the unique experience of being in a farm and participate in the care of animals.

The specially built conference centre "Emilianos" can host professional meetings, company presentations, small conferences and various business events. It is designed and equipped with super modern audiovisual systems, thus enhancing the overall quality of the facility.

The absolute peace of nature and the refined quality of services in a unique environment filled with history and images of everyday life, give "Sematron" an unparalleled charm that fascinates every visitor.

Escape to a natural paradise, let your senses relish the colours and scents of summer, enjoy moments of relaxation in a scenic place that will take you on a fascinating journey.

1. INFORMATION MATERIAL

1.1. IN TOTAL

Rooms & suites: 42	Beds: 108
--------------------	-----------
